Dear Robert,

Many, many thanks for
the inscribed copy of "Donding". I
am sorry that I have not written
to thank you, but you probably realise
that September was solidly hectic
for me on promotional work for the film.

I have now been able to
complete reading the book, and I
cannot commend you enough

on your research and presentation.

I am delighted, too, at the amount of publicity that the book, and Lord Dooding, received on publication.

Thanking you again, Bob, and all my congratulations. Hoping to see you on the 20th.

Yours aye

Ginger haug
