24th June 1963

Dear Bob

Many thanks for your
congratulations on my award.

Whatever I may have
been able to do for Aviation
in recent years has only been
possible through the support
of a splendid flight test team
and good health; for both of
which I am very grateful.

I hope Bernard Tharates
gave you a smooth flight and I
look forward to reading Shelton's
autobiography.

Yours sincerely

John Cunningham
