Still in one piece.

We came to the front on
Feb. 27. I am in the machine

Gun Co now and I am learning
to be a gunner. The Fascists
are starting to spread Barbed Wire
in front of their trenches. We
expect the Bastards to use
poison gas. They are getting

more desperate every
day. We are fighting against
Germans, Italians and
moors. Please write

Adios Unigos

Frank

we got one pay
of 250 pesetas and
donated 100 to

Socorro Roja, which

takes care of our mail
and the rest I lost in a
poker game!
